

WARNING!

Be sure electrical power is OFF before and during installation or maintenance.
The luminaire must be installed by a qualified electrician, in accordance with all applicable local codes.

Ensure that the rated luminaire voltage requirements are compatible with the available mains supply in which it will be installed.
All LEDs are included in your lamp. Never touch the LED surface with your bare hands as this may reduce the life of your LED.
Do not alter, relocate or remove any electrical component.

Line: Conical
Family: Floor Lamps
Description: Conical Accord Floor Lamp 3004 / 3062.

Materials: natural wood veneer, MDF.

ASSEMBLING THE FIXTURE

Read carefully all the assembling instructions below before starting the installation process.

- 1 Remove the protecting package from the pieces taking care to not harm any parts with cutting surfaces or objects. Lay the parts of the fixture on some horizontal surface in order to connect them, if needed use the protecting package to soften the surface and protect the parts from getting scratched or harmed.
- 2 Remove the screws, rising and turning the socket's support (S).
- 3 Fit the socket's support aligning it with the holes on top of the superior base, next, fasten the provided screws (S1) until the socket's support is tight on the base.
- 4 With the socket's support fixed on the base of the fixture, remove the socket's ring.
- 5 Fit the metallic structure of the shade on the socket, fastening the socket's ring in the place again to finish the installation of the shade.
- 6 Install an UL listed E-26 LED bulb respecting the limit of 25W.
- 7 Plug the luminaire to an appropriate outlet and use the floor switch to turn the fixture ON/OFF.

Your fixture is ready to use.

PROVIDED SCREWS
